Why is there a required deposit to bid?

We require each bidder to post a \$100.00 refundable deposit to ensure that each of our bidders is a valid, qualified bidder. This deposit method has been implemented for the protection and security of each of our bidders. Each bidder knows that all bidders are valid and that they have met the same requirements that you have to be able to bid online. The \$100.00 deposit is fully refundable. It activates your account and you can then bid on any of our auction items in all online auctions conducted. You can either leave the \$100.00 in your online account, which will keep your online account active so you do not have to post the \$100.00 each time you want to bid, or you can apply the deposit to your purchase. The only instance in which your deposit would not be refunded would be if you failed to pay for any items won under your bidding number.
