

Lindberg Avenue & 6th Street Drainage Improvements

08/11/2026

As part of the City of McAllen's ongoing efforts to improve drainage infrastructure citywide, the Lindberg Avenue & 6th Street drainage project will enhance our local storm infrastructure and improve overall water management in the area. New storm sewer infrastructure will be installed. Limits of construction will be along Lindberg Avenue and 6th Street, as shown above.

Update: Construction contract was awarded to Global Construction and Design. Crews are anticipated to start in August 2026, with an estimated completion date December 2026.

What to Expect:

- **Construction Activity:** Installation of new drainage infrastructure (Storm pipe, curb inlets, manholes, curb/gutter, valley gutters)
- **Public Utilities Services:** Expect interruptions to water, sewer, garbage, and brush as construction moves along roadways.
- **Working Hours:** Work will generally take place Monday through Friday, from 7:00 AM to 5:00 PM. Some weekend work may be necessary.
- **Traffic Impact:** Periodic lane closures, construction equipment in the area. Local access to homes and businesses will be maintained whenever possible; expect delays.
- **Noise and Dust:** Dust and noise are anticipated during construction.

For questions regarding city services or the overall project, please contact Jose Perez jperez@mcallen.net or Roberto Garza Roberto.garz@mcallen.net or by phone at the City of McAllen Engineering department 956-681-1151.

We appreciate your cooperation and patience as we work to improve our community's infrastructure. Thank you for your understanding and support.
