

# McAllen Lateral Channel Improvements

**Update: 4/17/2026**

## Construction update

As the City of McAllen continues improving drainage throughout the city, the McAllen Lateral Channel Improvements project enhances stormwater conveyance and capacity to our system.

**Update:** Channel excavation improvements between N. Main Street and 10<sup>th</sup> Street almost complete. Installation of drainage outfalls ongoing; final grading between N. Main and 10<sup>th</sup> street to follow.

### What to Expect:

- **Construction Activity:** Excavation and grading activities along the channel. (i.e. excavation equipment, heavy machinery, trucks).
- **Working Hours:** Work will generally take place Monday through Friday, from 7:00 AM to 5:00 PM. Some weekend work may be necessary.
- **Traffic Impact:** Local access to homes and businesses will be maintained whenever possible; periodic lane closures, detours, and construction equipment in the area as construction progresses.
- **Noise and Dust:** There will be increased noise and dust during construction. We appreciate your patience and understanding.

For questions regarding city project, please contact Jorge Gutierrez [jorge.gutierrez@mcallen.net](mailto:jorge.gutierrez@mcallen.net) or Roberto Garza [Roberto.garz@mcallen.net](mailto:Roberto.garz@mcallen.net) or by phone at the City of McAllen Engineering department 956-681-1151.

We appreciate your cooperation and patience as we work to improve our community's infrastructure. Thank you for your understanding and support.
