# City of McAllen Crime Analysis

## Crime Measurements

The City of McAllen Police Department participates in the Uniform Crime Reporting (UCR) Program. UCR makes possible measurement and analysis of crime index.

## Crime Index

Uniform Crime Reporting is the reporting of seven index crimes. The crimes in this group are all serious, either by their nature or because of the frequency of their occurrence. These crimes can be categorized as violent crimes or property crimes. Violent crimes include murder, forcible rape, robbery, and aggravated assault. Property crimes include burglary, larceny-theft, and motor vehicle theft.

## Crime Trends

Crime trends are analyzed using two separate methods, crime volume and crime rates.

Crime volume is the collective sum of the seven indexed crimes. By comparing the volume of indexed crimes from year to year, trends can be evaluated.

Crime rates, on the other hand, are compiled to compensate for the changes in population and show the number of people affected by crime in a given population. Crime rates are usually expressed in the number of crimes per 100,000 residents.

## Crime Volume

During the calendar year 2007, there was a total of 8280 index offenses in the City of McAllen. The crime index increased 13.28 percent when compared to 2006.

**Rape 1999-2007**

**Rape Arrest 1999-2007**

**Rape Offenses by Month 2007**

## **Nature of Rape**

Forcible rape differs from other violent crimes because, in many cases, the victim is hesitant to report the offense to police. The rigors of court procedures, embarrassment and fear of any accompanying stigma exert a deterrent effect upon the victim's willingness to contact the police. The presence of prior relationship between the victim and offender may make the determination of force difficult to establish, while the usual clandestine nature of this crime presents a problem in verification. As attitudes toward the reporting of rape change, trends in the number of reported offenses can be expected to change correspondingly.

## UNIFORM CRIME REPORTING OFFENSES

Offenses in Uniform Crime Reporting are divided into two groups designated as Part I and Part II offenses. Offense and arrest information is reported for the Part I offenses, while only arrest information is reported for Part II offenses.

### Part I Offenses

**Criminal Homicide** – (a) Murder and non-negligent manslaughter: All willful felonious homicides as distinguished from deaths caused by negligence. Excluded are attempts to kill, assaults, to kill, suicides, accidental deaths and justifiable homicides. Justifiable homicides are limited to: the killing of a person by a law enforcement officer in the line of duty; and the killing of a person in the act of committing a felony by a private citizen; (b) Manslaughter by negligence: any death which the police investigation established was primarily attributable to gross negligence of some individual other than the victim.

**Murder and Non-Negligent Manslaughter** – The willful (non-negligent) killing of one human being by another. This includes any death due to injuries received in a fight, argument, quarrel, assault, or commission of a crime. Suicides, accidental deaths, assaults to murder, traffic fatalities and attempted murders are not included.

**Justifiable Homicide** – The killing of a person by a law enforcement officer in the line of duty; or the killing (during the commission of a felony) of a felon by a private citizen.

**Manslaughter by Negligence** – The killing of another person through gross negligence.

**Forcible Rape** – The carnal knowledge of a female forcibly and against her will.

**Robbery** – The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault** – An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Burglary** – The unlawful entry of a structure to commit a felony or theft. This includes breaking and entering with intent to commit a larceny; housebreaking; safe cracking; and all attempts at these offenses.

**Larceny-Theft** – The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. This includes pocket-picking, purse-snatching, shoplifting, theft from motor vehicles, theft of motor vehicle parts and accessories, theft of bicycles, theft from buildings, theft from coin-operated machines, and all thefts that don't fit into the above mentioned categories.

**Motor Vehicle Theft** – The theft or attempted theft of a motor vehicle, which is defined as a self-propelled vehicle that runs on land surface and not on rails.

# GLOSSARY OF TERMS

**Adult** – In Texas, an adult is a person 17 years of age or over. National law provides that adults are age 18 or over. Unless otherwise indicated, this publication follows the state definition.

**Cleared by Arrest or Exceptional Means** – For Uniform Crime Reporting purposes, an offense is cleared by arrest or solved when at least one person is arrested, charged with the commission of an offense and turned over to court for prosecution. In certain situations, police are not able to follow these three steps and, if the following four conditions can be met, the offense can be cleared exceptionally: (1) the investigation has definitely established the identity of the offender; (2) there is enough information to support an arrest, charge, and turning over to the court for prosecution; (3) the exact location of the offender is known so that he could be taken into custody; (4) there is some reason outside the police control that prevents the arresting, charging, and prosecuting of the offender.

**Crime Index** – The sum of seven index offenses used to measure the extent, fluctuation and distribution of a crime in a given geographical area. Crime classifications used in the Crime Index are: murder, rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft. While arson is also an index offense, it is not part of the Crime Index.

**Crime Rate** – The number of offenses per 100,000 inhabitants. To calculate a crime rate, divide the population by 100,000 and then divide the number of offenses by that answer. The crime rate is useful in determining the relative frequency of crime without regard to fluctuations in population.

**Index Crime** – A crime for which reports of offenses committed are collected. Index crimes are murder, rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft and arson.

**Juvenile** – In Texas, a juvenile is a person 16 years of age or under.

**Non-Violent Crime** – Property crimes; the index offenses of burglary, larceny-theft and motor vehicle theft.

**Personal Weapon** – The use of hands, feet, fists and teeth as a weapon to commit a crime; also termed strong-arm weapon.

**Strong-Arm Weapons** – The use of hands, feet, fists and teeth as a weapon to commit a crime. Also termed personal weapon.

**Threat** – A declared intent to inflict bodily harm on a person.

**Violent Crime** – Consists of the Index Offenses of murder, forcible rape, robbery and aggravated assault. Also referred to as crimes against persons.
