# Executive Summary

---

The *Crime in McAllen 2019* report offers a comprehensive analysis of crimes reported by the McAllen Police Department to the Federal Bureau of Investigations Uniform Crime Reporting (UCR) Program.

Crime in McAllen provides an overview of Uniform Crime Reporting (UCR) by the McAllen Police Department. This report examines offenses and total volume of UCR offenses that occurred in 2019.

The McAllen Police Department continues to use statistical resources by collecting information, analyzing crime trends, carefully planning strategic operations, and administrative operational functions of the Department, that are used for preventing and suppressing criminal activities.

In addition, effective strategies helped our department pinpoint crime issues, which enabled us to address problems and to direct resources where needed the most.

In closing, I express my thanks to all the members of our community and members of the McAllen Police Department for their continued commitment and dedication to our community by continuing to display the principles of community oriented policing, as well as high visibility, strict enforcement of the law, and professionalism.

Sincerely,

Victor Rodriguez  
Chief of Police

# Introduction

---

The McAllen Police Department participates in the Uniform Crime Reporting (UCR) Program. Uniform Crime Reporting is part of a nationwide, cooperative statistical effort administered by the Federal Bureau of Investigation.

## HISTORY OF UCR

In the 1920's, the International Association of Chiefs of Police (IACP) recognized the potential value in tracking national crime statistics. The committee on Uniform Crime Records of the IACP developed and initiated this voluntary national data collection effort in 1930. Also, in 1930 the IACP was instrumental in gaining congressional approval which authorized the FBI to serve as the national clearinghouse for statistical information on crime. In June 1966, the National Sheriff's Association (NSA) established a Committee on Uniform Crime Reporting to serve in an advisory capacity and to encourage sheriffs throughout the country to fully participate in the program. Since 1930, through the UCR program, the FBI has collected and compiled data to use in law enforcement administration, operation, management, and to indicate fluctuations in the level of crime in America. <sup>1</sup>

To best depict total crime and to provide the most meaningful data to police administrators, the UCR Program collects data on known offenses and persons arrested by law enforcement agencies. The UCR Program does not record the findings of a court, coroner, jury, or the decision of a prosecutor.

UCR collects reports of ten index crimes. The crimes in this group are all serious, either by their nature or because of the frequency with which they occur. The William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 made human trafficking for involuntary servitude and commercial sex acts Part 1 Offenses.<sup>2</sup> The ten index crimes are:

- ❖ Murder
- ❖ Forcible rape
- ❖ Robbery
- ❖ Aggravated Assault
- ❖ Burglary
- ❖ Larceny (theft)
- ❖ Motor Vehicle Theft
- ❖ Arson
- ❖ Human Trafficking, Commercial Acts
- ❖ Human Trafficking, Involuntary Servitude

\*\*Population is estimated at growth rate of 2.2% annually.

# Crime Trends & Analysis:

## Crime Volume vs Crime Rate

- Crime trends are analyzed using two methods: Crime Volume and Crime Rate.
- Crime analysis studies two categories of crime: Violent Crimes and Property Crimes.

### CRIME VOLUME

- Crime volume is the collective sum of the seven index crimes.
- By comparing the crime volume of index crimes from year to year, trends can be evaluated.

### CRIME RATES

- Crime rates are compiled to compensate for the changes in population and to show the number of people affected by crime in a given population.
- Crime rates are generally expressed in the number of crimes per 100,000 residents.

### VIOLENT CRIMES

- Involve the element of personal confrontation between the perpetrator and the victim.
- This category is comprised of Homicide, Rape, Robbery, and Aggravated Assault.

### PROPERTY CRIMES

- Involve only the taking of money or property.
- This category is comprised of Burglary, Theft, and Motor Vehicle Theft.

# Chapter Two

## UCR Index Crime Analysis

# Index Crime Summary:

## Murder and Non-Negligent Manslaughter

---

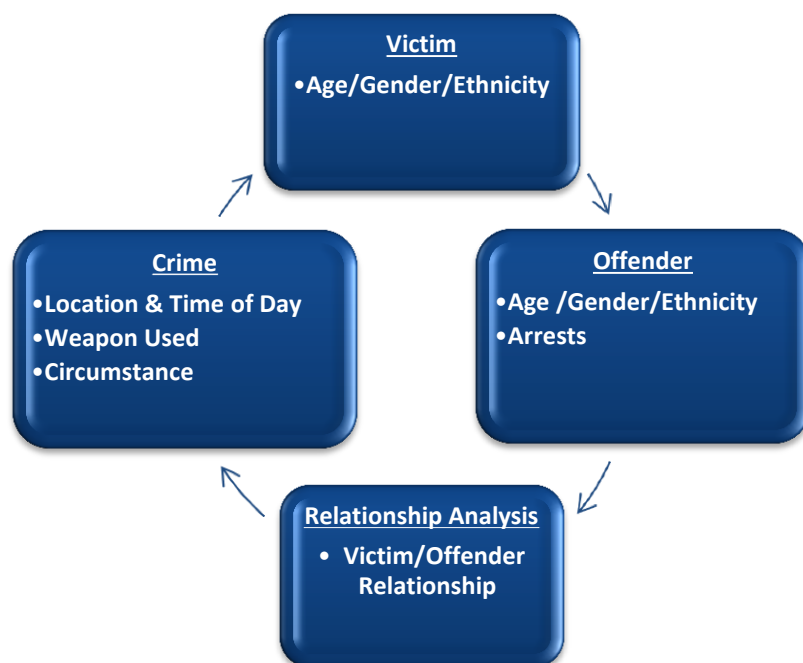

### Murder - Methodology

Murder and Non-Negligent Manslaughter as defined in UCR is “the willful (non-negligent) killing of one human being by another.” [*Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014*].

This offense category includes any death due to a fight, argument, quarrel, assault, or the commission of a crime. Attempted murder and assaults with the intent to kill are not counted as murder, but are included in UCR as an aggravated assault.

Suicides, accidental deaths, and justifiable homicides are also excluded from the murder classification.

The classification of this offense as well as for all Index Crimes is based solely on police investigation and not upon determinations by courts, medical examiners, coroners, juries, or other judicial bodies.

The McAllen Police Department participates in the UCR program by providing additional information so that an in-depth analysis of murder is attainable. The Supplementary Homicide Report collects additional specific details such as: the age, sex, race, and ethnic origin of both victims and offenders. The detailed data also includes the murder weapon used and the circumstance of the offense.

## ARRESTS

- In 2019, there were two (2) offenders arrested for murder.
- One (1) arrestee was a Hispanic male between the ages of 20-24.
- One (1) additional arrest was made of a Hispanic male for a case from previous years.

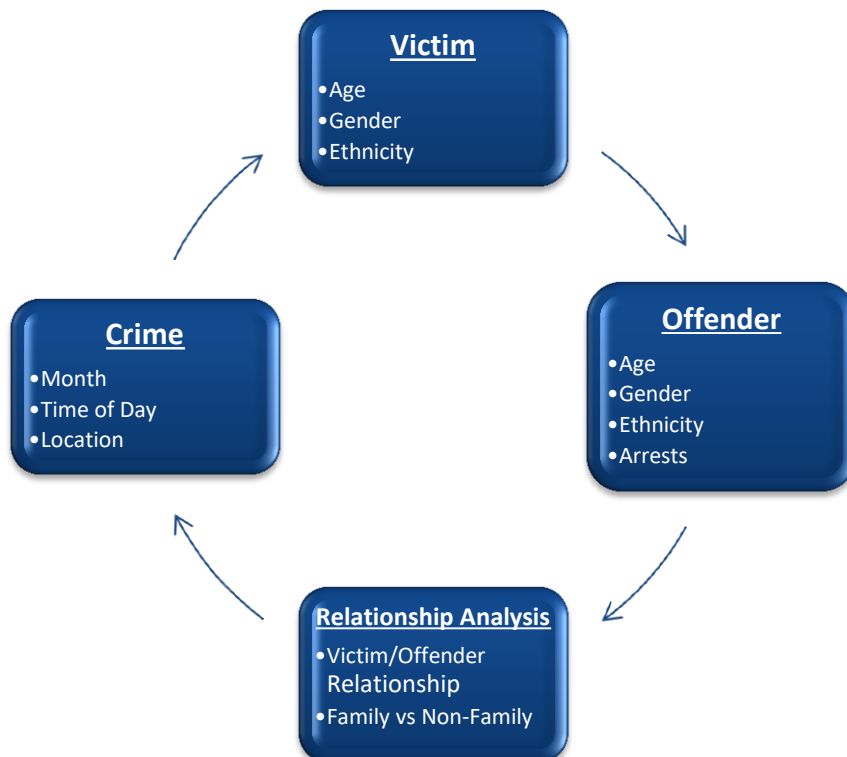

# RAPE

## Rape - Methodology

Rape, as defined in the Uniform Crime Reporting Program, is “penetration, no matter how slight, of the vagina or anus with any part of the body or object, or oral penetration by sex organ of another person, without the consent of the victim”. [Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

In 2013, the FBI UCR Program began collecting rape data under a revised definition. This definition includes either male or female victims or offenders. This definition also includes instances in which the victim is incapable of giving consent. Attempts to commit Rape are also scored under the new definition. Rapes that occurred prior to 2013 but are reported after 2013 should be consistent with the new definition. Statutory rape and incest are excluded from this category. [UCR Program: Summary Reporting System, 2013]

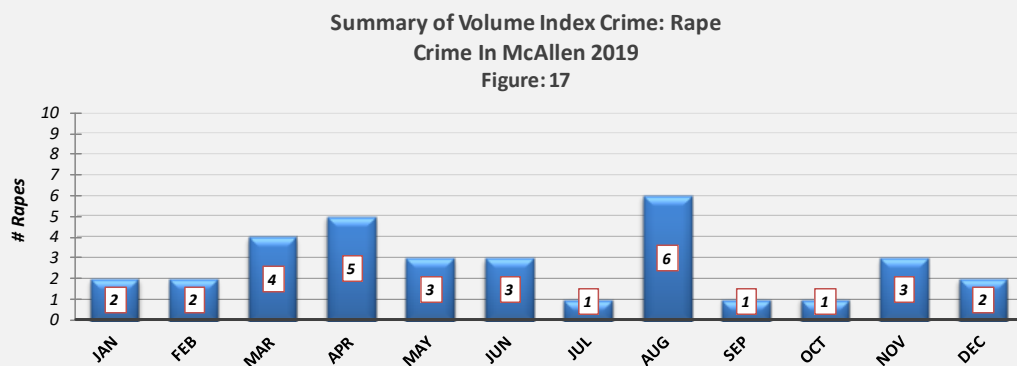

## Rape - Analysis

### Crime Volume

- There were 33 rapes reported during 2019.
- This represents a 15.4% decrease when compared to 2018.
- The month with the highest number of reported rapes was August with six (6) offenses.
- The months with the least number of reported rapes was July, September, and October with one (1) rape reported each month. [See Figure: 17]

### Crime Rate

- The rape crime rate for McAllen in 2019 was 20.9 rapes per 100,000 residents.
- This represents a decrease of 17.1% when compared to 2018.

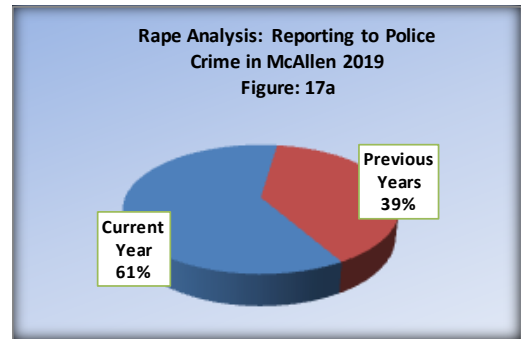

# Rape - Analysis

## Reporting to Police

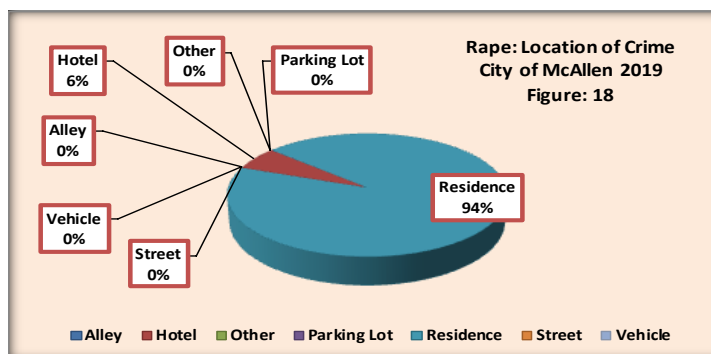

Victims reported rapes that occurred during the reporting year of 2019. In addition, victims reported rapes that occurred in preceding years.

- During 2019, thirteen (13) rapes reported occurred in previous years.
- The data indicates that 61% of the total rapes to have been reported in 2019 were from the current year. [See Figure: 17a]

## Location of Crime

- During 2019, 94% of rapes occurred in a residence/apartment type location. [See Figure: 18]
- The 'Hotel/Motel' category represented 6% of rapes reported.

# Rape - Victimology

- Rape differs from other violent crimes because in many cases the victims are hesitant to report the offense to the police. The rigors of court procedures, embarrassment, and fear of any accompanying stigma exert a deterrent effect upon the victim's willingness to contact the police. As attitudes towards the reporting of rape change, trends in the number of reported offenses can be expected to change accordingly.
- Data compiled during 2019 indicates that there were 33 victims of rape.

## VICTIMS BY AGE GROUP

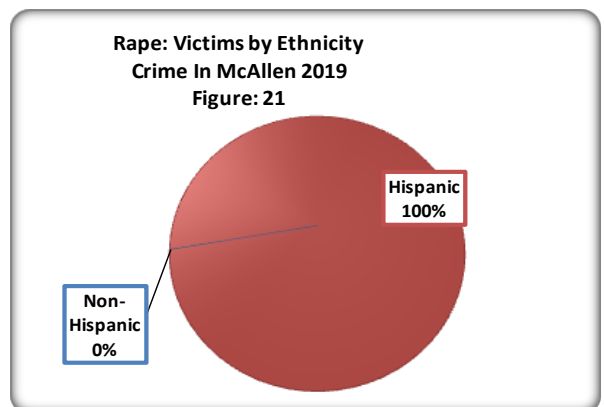

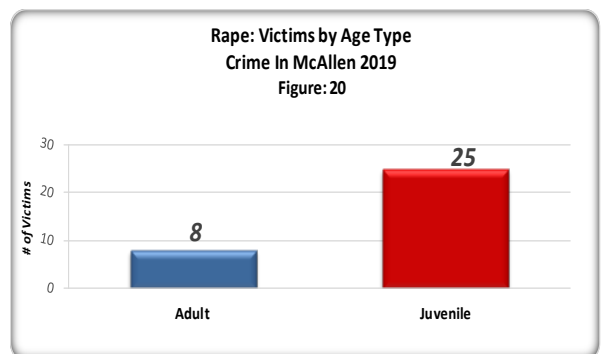

- Of the age groups reporting an offense, the age group reporting the highest incidence was the age group of 10-14 years of age.
- Of the age groups reporting an offense, the age group reporting the second highest incidence was the age group of 15-19 year olds. [See Figure: 19]

## VICTIMS BY AGE TYPE

- Total Adult Victims: 8
  - Total Juvenile Victims: 25
- [See Figure: 20]

## VICTIMS BY ETHNICITY

- Based on the data reported, victims were 100% Hispanic. [See Figure: 21]

# Rape - Victimology

## Victim/Offender Relationship

- In the UCR Program, the relationship reported is that of victims to offenders, not the offenders to the victims.
- Based on the data compiled in 2019, sixty-seven (67%) of rape victims were Family members.
- Thirty-three percent (33%) of rape victims were Non-Family Members. *[See Table: 5]*
- The most common Non-Family relationship in 2019 was an acquaintance of the offender.
- In 2019, the most common Family relationship was an 'Other Family Member' of the offender.

# Rape - Offenders / Persons Arrested

## PERSONS ARRESTED

- During 2019, there were a total of 33 offenders of rape.
- Of the 33 offenders, nineteen (19) perpetrators were arrested for rape.

## OFFENDER BY AGE GROUP

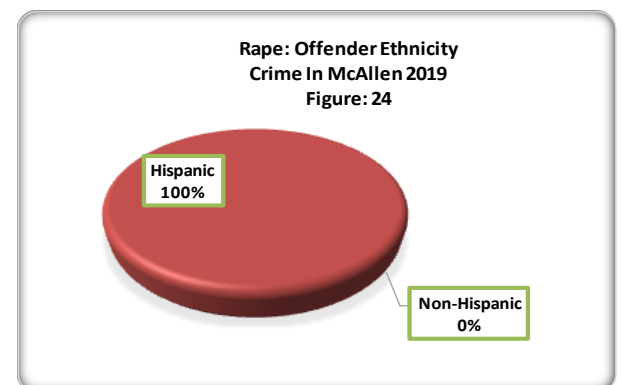

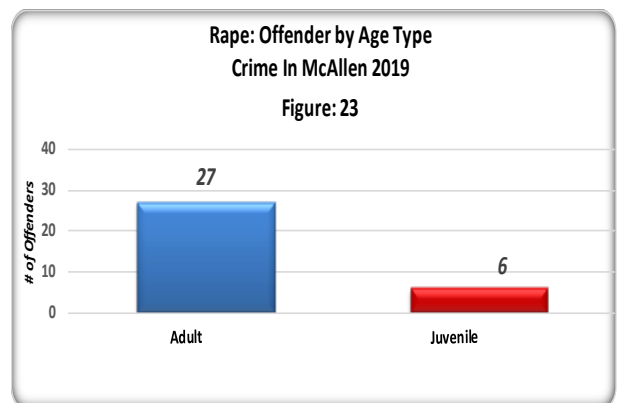

- The age group of 25-29 year olds reported the highest number of offenders. [See Figure: 22]
- Six (6) perpetrators were from the 25-29 age group.

## OFFENDER BY AGE TYPE

- Total Adult Offenders: 27
- Total Juvenile Offenders: 6  
[See Figure: 23]

## OFFENDER BY ETHNICITY

- Offenders of rape were 100% of Hispanic origin. [See Figure: 24]

# ROBBERY

## Robbery - Methodology

Robbery is the “taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear”. [Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

Robbery is a vicious type of theft in that it is committed in the presence of the victim. The victim, who usually is the owner or person having custody of the property, is directly confronted by the perpetrator and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force.

Injury to the victim during the commission of this violent crime is common and recurrent.

The following figure illustrates the data collection for the nature and extent of the Robbery Category.

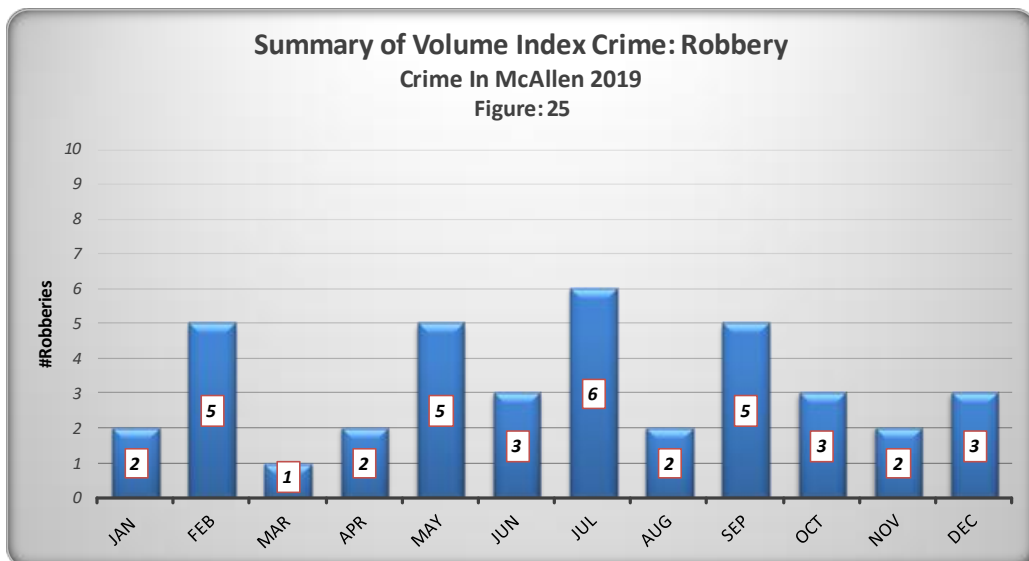

# Robbery - Analysis

## Crime Volume

- The total number of robberies reported during 2019 were 39.
- This represents an increase of 50.0% when compared to 2018.

# AGGRAVATED ASSAULT

---

## Aggravated Assault - Methodology

Aggravated Assault, as per the Uniform Crime Reporting Program is “an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm”. [*Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014*]

Aggravated Assaults are classified into four different categories:

- (1) Assault with a Firearm
- (2) Assault with a Knife or Cutting Instrument
- (3) Assault with other Dangerous Weapon
- (4) Assault using Strong-Arm tactics

## Aggravated Assault - Analysis

### Crime Volume

- During 2019, a total of 67 Aggravated Assaults were reported. [See Figure: 30]
- This represents an increase of 17.5% when compared to 2018.
- The average monthly volume for Aggravated Assaults was six (6).
- The month recording the highest number of reported Aggravated Assaults was May with twelve (12).

### Crime Rate

- The Aggravated Assault crime rate for McAllen in 2019 was 42.4 per 100,000 residents.
- This represents an increase of 14.9% when compared to 2018.

# Aggravated Assault – Offenders / Persons Arrested

## Weapon Type

- During 2019, the most frequently used weapon in the commission of an Aggravated Assault was a 'Knife/Cutting Instrument'. Nearly 46% of Aggravated Assaults were committed with a knife/cutting instrument.
- Firearms were used in 30% of all reported Aggravated Assaults, making it the second highest weapon type used. [See Figure: 31]
- Attacks using personal weapons such as hands, arms, feet, fists, commonly known as 'Strong Arm', comprised the lowest reported weapon used in Aggravated Assaults with 5% of reported incidents.
- The use or attempted use of a dangerous weapon in an assault or the serious injury inflicted by hands, fists, or feet is what separates this index offense from the assault categorized as 'Simple Assaults'.

## Persons Arrested

- McAllen Law Enforcement Officers arrested 53 persons for Aggravated Assault in 2019.
- Of the 53 perpetrators arrested, forty-six (46) were adults and seven (7) were juveniles. [See Figure: 32]

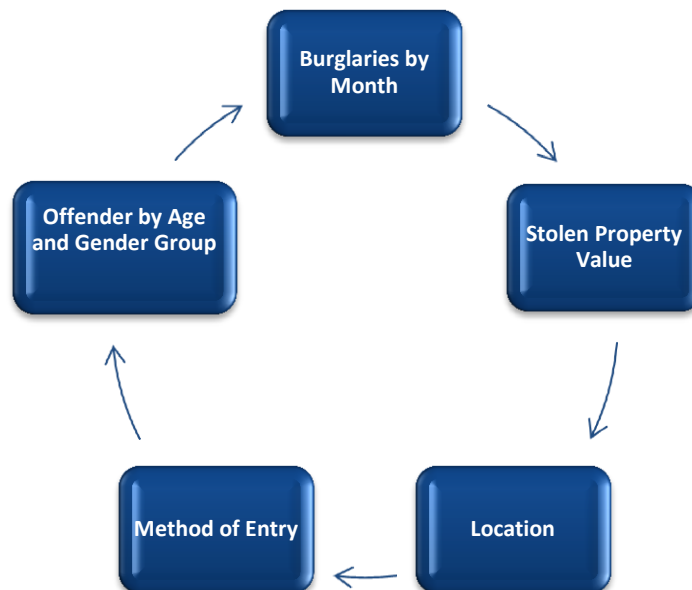

# BURGLARY

## Burglary - Methodology

Burglary, under the Uniform Crime Reporting Program, is “the unlawful entry of a structure to commit a felony or theft. Burglary can be classified as forcible entry, unlawful entry (no force) or attempted forcible entry. While the use of force to gain entry is not required to classify an offense as burglary, attempted forcible entries to commit burglary are counted in this crime’s statistics.” *[Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]*

The Uniform Crime Reporting Program’s definition of structure includes, but is not limited to, an apartment, barn, cabin, church, condominium, dwelling house, factory, garage, house trailer, office, school, railroad car and other buildings.

Additionally, any house trailer or other mobile unit that is permanently fixed as an office, residence, or storehouse is considered a structure. Tents, tent trailers, motor homes, house trailers, or other mobile units being used for recreational purposes are not considered structures. *[UCR Program: Summary Reporting System, 2013]*

## Burglary - Analysis

### Crime Volume

- During 2019, there were 152 burglaries reported in the city of McAllen.
- This represents a decrease of 25.1% when compared to 2018.
- The average monthly volume was 13.
- The month recording the highest reported burglaries was December with nineteen (19) offenses.
- The month recording the lowest reported burglaries was March with six (6) offenses. [See Figure: 33]

### Crime Rate

- The 2019 Burglary crime rate was 96.2 burglaries for every 100,000 residents.
- This represents a decrease of 26.8% when compared to 2018.

## Burglary - Analysis

- The most common method of entry for all reported Burglaries was Forcible Entry with 54%. [See Figure: 34]
- Of the number of reported burglaries in 2019, 60% were residential and 40% were non-residential.
- Based on the data compiled, most residential burglaries occurred during the day time hours of 7am – 7pm. [See Figure: 35]
- In 2019, overall burglaries occurred during the nighttime hours of 7pm – 7am.
- Total property loss reported for Burglary was \$316,857.00 US dollars. [See Table: 7]

- Of the persons arrested for Burglary, seventy-seven percent (77%) of persons were adult males and twelve percent (12%) were adult females. [See Figure: 36]

# LARCENY/THEFT

## Larceny/Theft - Methodology

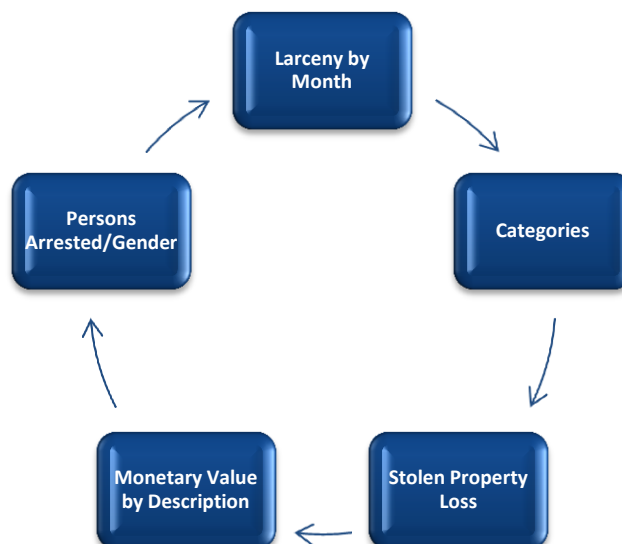

Larceny/Theft, in the Uniform Crime Reporting Program, is the “unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another”.  
[Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

Larceny/Theft includes crimes in sub-categories such as shoplifting, pocket-picking, purse snatching, thefts from motor vehicles, theft of motor vehicle parts and accessories, bicycle thefts, and other things of value in which no use of force, violence or fraud occurs.

In the UCR Program, this crime classification “does not include embezzlement, “con” games, forgery, and the passing of worthless checks. Motor vehicle theft is not included in this category as it is a separate index crime offense.” [Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

Larceny can be sub-classified into 9 different categories:

- ❖ Pocket Picking
- ❖ Purse Snatching
- ❖ Shoplifting
- ❖ Theft from Motor Vehicles
- ❖ Theft of Motor Vehicle Parts and Accessories
- ❖ Theft of Bicycles
- ❖ Theft from Buildings
- ❖ Theft from Coin-Operated Device or Machine
- ❖ All Other Larceny - Thefts

## Larceny/Theft - Analysis

### Crime Volume

- The number of Larceny/Thefts committed in McAllen in 2019 was 3415.
- This represents a decrease of 5.1% when compared to 2018.
- Larceny/Theft was the largest crime category of the seven reported Index Crimes.
- The month recording the highest number of reported thefts was October with 327 offenses. *[See Figure: 37]*
- The month recording the lowest number of reported thefts was March with 230 offenses.

### Crime Rate

- The 2019 Larceny/Theft crime rate was 2160.8 thefts per 100,000 residents.
- This represents a decrease of 7.1% when compared to 2018.

# Larceny/Theft - Analysis

# MOTOR VEHICLE THEFT

## Motor Vehicle Theft - Methodology

Motor Vehicle Theft is “a theft or attempted theft of a motor vehicle. Motor vehicle includes the theft or attempted theft of a motor vehicle, which the UCR Program defines as a self-propelled vehicle that runs on land surface and not on rails”. [*Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014*]

The category of Motor Vehicle Theft is further sub-categorized into three subcategories:

**1. Automobiles:**

The Automobiles category includes all sedans, station wagons, coupes, convertibles, and other similar vehicles whose primary purpose is to transport persons from one place to another.

**2. Trucks & Buses:**

The Trucks & Buses category includes vehicles whose purpose is to transport persons for a commercial basis. This includes pick-up trucks, vans, and self propelled motor homes.

**3. Other Vehicles:**

The Other Vehicles category includes vehicles such as scooters, ATV's, motorcycles, snowmobiles, mopeds, and golf carts, etc.

**Note:** Specifically excluded from this category are motor boats, construction equipment, airplanes, and farming equipment.

# Motor Vehicle Theft - Analysis

## Crime Volume

- During 2019, a total of 28 Motor Vehicle Thefts were reported.
- This represents a decrease of 49.1% when compared to 2018.
- The average number of Motor Vehicle Thefts in 2019 was 2.
- The month reporting the highest number of reported Motor Vehicle Thefts was June with five (5) offenses. [See Figure: 40]

## Crime Rate

- The Motor Vehicle Theft crime rate for McAllen in 2019 was 17.7 thefts for 100,000 residents.
- This represents a decrease of 50.2% when compared to 2018.

# Motor Vehicle Theft - Analysis

## Nature of Crime

- Because of the volume of Motor Vehicle Thefts, this crime has its own offense category as per the UCR Program.
- Compared to all other property losses by property index crimes, Motor Vehicle Thefts accounted for 1% of all reported losses in the city of McAllen in 2019. [See Figure: 41]
- The total loss in motor vehicles was \$422,233.00 US dollars for 2019.
- Of the 28 reported Motor Vehicle Thefts, 36% were Trucks, 53% were Autos and 4% were Other Vehicles. [See Figure: 42]

# Chapter Three

## Selected Non-Index Crimes

# **SELECTED NON-INDEX CRIMES**

---

There are crimes that have been selected to represent important and essential information with respect to Part II offenses. As with all Part II Non-Index crimes, information on the number of reported crimes is not collected by the UCR Program for these offenses; however, the number of persons arrested for this crime is collected.

The following are the Non-Index crimes selected to analyze:

- ❖ Driving Under the Influence (D.U.I.) Arrests
- ❖ Drug Abuse Arrests
- ❖ Drug Seizures
- ❖ Weapons Arrests

# SELECTED NON-INDEX CRIMES:

## D.U.I. ARRESTS

### Methodology

For UCR purposes, Driving Under the Influence (D.U.I.) is the driving or operating any motor vehicle or common carrier while under the influence of liquor or narcotics. This includes operating a motor vehicle, train, streetcar, boat, etc.

### Analysis

#### CRIME VOLUME

- As with Part II Non-Index crimes, information on the number of reported crimes is not collected by the UCR program for this offense. However, the number of persons arrested for this crime is collected.
- The number of arrests for D.U.I. in McAllen in 2019 was 534. The volume of arrests decreased by 15.9% when compared to 2018.

#### CRIME RATE

- The 2019 D.U.I. arrest crime rate was 337.9 per 100,000 residents. This represents a decrease of 17.7% when compared to 2018.

#### PERSONS ARRESTED

- The month with the most arrests was April with sixty-four (64) D.U.I.'s.
- The month with the fewest arrests was February with twenty-nine (29) D.U.I.'s. [See Figure: 44]
- Of the persons arrested in 2019, the age group recording the highest number of arrests was the male 20-24 age group. [See Figure: 45]

# SELECTED NON-INDEX CRIMES: DRUG ABUSE ARRESTS

## Methodology

For UCR purposes, drug abuse encompasses all violations of narcotic drug laws. These are offenses such as unlawful possession, sale, use, growing, and manufacturing of narcotic drugs.

In this report, these violations are summarized to include all drug abuse arrests.

As with all Part II Non-Index crimes, information on the number of reported crimes is not collected for the UCR program. However, the number of persons arrested for these crimes is collected.

## Analysis

### PERSONS ARRESTED

- The reported number of arrests for drug abuse in the city of McAllen in 2019 was 556. Of those arrested, 509 were Adults and 47 were Juveniles. [See Figure: 46]
- The largest number of drug abuse arrests were for Marijuana with 53%, followed by the drug type of Opium/Cocaine with 41%. [See Figure: 47]
- The age group recording the largest number of persons arrested for drug abuse offenses was the male 25-29 age group. [See Figure: 48]

# SELECTED NON-INDEX CRIMES: DRUG SEIZURES

## Methodology

Drug seizure information is presented in compliance with Health & Safety Code Section §481.185 and its requirement that “All law enforcement agencies in this state shall file monthly, with the (DPS) Director, a report of all arrests for drug offenses made and quantities of controlled substances seized by them during the preceding month”. *[Summary Reporting System (SRS) User Manual: U.S. Department of Justice – Federal Bureau of Investigation; 2013]*

## Drug Seizures: Type and Quantity

The chart below displays the quantity of illegal drugs seized in the City of McAllen during 2019. *[See Table: 11]*

Dose units refer to one pill, tablet, capsule, or other single user quantity. The information presented are drugs seized by the McAllen Police Department and do not include drugs seized by any federal law enforcement agency.

Drug Seizures: Type and Quantity		
Crime In McAllen 2019		
Table: 11		
<u>Drug Class</u>	<u>Type</u>	<u>Quantity</u>
<b>Cannabinoids</b>	Marijuana	266.23 lbs

<b>Cocaine</b>	Cocaine	11.33 lbs
	Crack	0.135 lbs
<b>Hallucinogens</b>	Designer Drugs	7.65 lbs
<b>Other Drugs</b>	Amphetamines	0.03 lbs
	Barbituarates	0.00 lbs
	Methamphetamines	2.51 lbs
	Tranquilizers	0.438 lbs

# SELECTED NON-INDEX CRIMES: WEAPONS ARRESTS

## Methodology

As with all Part II Non-Index offenses, the UCR Program collects reports of arrests for this offense. Weapon offenses are violation of laws or ordinances “prohibiting the manufacture, sale purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons”. [Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

## Analysis

### NATURE OF CRIME

- There were thirteen (13) persons arrested for weapons offenses in 2019.
- During 2019, the month recording the highest number of weapons arrests was February with three (3) arrests. [See Figure: 49]

### PERSONS ARRESTED

- Of the 13 persons arrested, 10 were males and 3 were females.
- The age group recording the highest number of arrests for weapon violations was the male 35-39 age group. [See Figure: 50]

# Chapter Four

## Family Violence

# FAMILY VIOLENCE

## Methodology

The Texas Family Code defines ‘Family Violence’ as an act by a member of a family or household against another member that is intended to result in physical harm, bodily injury, assault, or a threat that reasonably places the member in fear of imminent physical harm.

The law excludes the reasonable discipline of a child and defines abuse as physical injury that results in substantial harm or genuine threat; sexual contact, intercourse, or conduct; or compelling or encouraging the child to engage in sexual conduct.

- By definition and for the purpose of family violence reports, “family” includes individuals related by consanguinity (blood) or affinity, marriage or former marriage, biological parents of the same child, foster children, foster parents, and member or former members of the same household (including roommates). Senate Bill 68 of the 77<sup>th</sup> Legislature amended the Family Code to include “Dating Violence”. The “Dating Relationship” means a relationship between individuals who have or have had a continuing relationship of romantic or intimate nature. [Summary Reporting System (SRS) User Manual: U.S. Department of Justice – Federal Bureau of Investigation; 2013]

## Analysis

- During 2019, the total number of Family Violence incidents reported were 662. [See Figure: 51]
- The highest incident of family violence was reported in the offense of ‘Simple Assaults’.
- The month of August had the highest number of family violence incidents reported.

## Victim/Offender Relationship

- During 2019, there were 662 family violence incidents reported. [See Table: 12]
- Of the incidents reported 56% accounted for female victims and 44% were male victims.
- The most common victim/offender relationship reported was the 'Common-law' category. [See Figure: 52]

# Chapter Eight

## Appendices

# Appendix A – Glossary of Terms

## **ADULT**

*In Texas, an adult is a person 17 years of age or over. National law provides that adults are age 18 or over. Unless otherwise indicated, this publication follows the state definition.*

## **AGGRAVATED ASSAULT**

*An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. Although actual injury is not a requirement, this type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.*

## **ALL OTHER OFFENSES**

*Except Traffic - Included is every other state or local offense, not listed elsewhere.*

## **BURGLARY**

*The unlawful entry of a structure or dwelling with intent to commit a felony or a theft.*

## **CRIME INDEX**

*The sum of seven index offenses used to measure the extent, fluctuation and distribution of crime in a given geographical area.*

## **CRIME RATE**

*The number of offenses per 100,000 inhabitants.*

## **CRIMES AGAINST PERSONS**

*Crimes Against Persons include criminal offenses where the victim is present and the act is violent, threatening or has the potential of being physically harmful.*

## **CRIMES AGAINST PROPERTY**

*Crimes Against Property include offenses that involve taking something of value by theft or deception or the destruction of property.*

## **CRIMINAL HOMICIDE**

*The willful (non-negligent) killing of one human being by another. Offenses - Exclude motor vehicle traffic deaths.*

## **DRIVING UNDER THE INFLUENCE (D.U.I.)**

*Driving or operating any vehicle or common carrier while under the influence of liquor or drugs.*

## **ETHNICITY**

*In UCR, race and ethnic origin are counted as two separate designations. The ethnic origin categories were adopted from the U.S. Department of Commerce and are Hispanic and Non-Hispanic. Included in Hispanic are all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.*

## **INDEX CRIME**

*A crime for which reports of offenses committed are collected. Index crimes are murder, rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson.*

## **JUVENILE**

*In Texas, a juvenile is a person 16 years of age or under.*

## **LARCENY/THEFT**

*The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.*

## **MOTOR VEHICLE THEFT**

*The theft or attempted theft of a motor vehicle.*

## **RAPE**

*In 2013, the UCR Program redefined rape to 'Penetration, no matter how slight, of the vagina or anus with any part of the body or object, or oral penetration by sex organ of another person, without the consent of the victim. Statutory rape and incest are excluded from this category'.*

## **ROBBERY**

*The taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence or by putting the victim in fear.*

## **SIMPLE ASSAULT**

*Assaults which are limited to the use of physical force and result in little or no injury to the victim.*
