Executive Summary

The *Crime in McAllen 2020* report offers a comprehensive analysis of crimes reported by the McAllen Police Department to the Federal Bureau of Investigations Uniform Crime Reporting (UCR) Program.

Crime in McAllen provides an overview of Uniform Crime Reporting (UCR) by the McAllen Police Department. This report examines offenses and total volume of UCR offenses that occurred in 2020.

The McAllen Police Department continues to use statistical resources by collecting information, analyzing crime trends, carefully planning strategic operations, and administrative operational functions of the Department, that are used for preventing and suppressing criminal activities.

In addition, effective strategies helped our department pinpoint crime issues, which enabled us to address problems and to direct resources where needed the most.

In closing, I express my thanks to all the members of our community and members of the McAllen Police Department for their continued commitment and dedication to our community by continuing to display the principles of community oriented policing, as well as high visibility, strict enforcement of the law, and professionalism.

Sincerely,

Victor Rodriguez
Chief of Police

Introduction

The McAllen Police Department participates in the Uniform Crime Reporting (UCR) Program. Uniform Crime Reporting is part of a nationwide, cooperative statistical effort administered by the Federal Bureau of Investigation.

HISTORY OF UCR

In the 1920's, the International Association of Chiefs of Police (IACP) recognized the potential value in tracking national crime statistics. The committee on Uniform Crime Records of the IACP developed and initiated this voluntary national data collection effort in 1930. Also, in 1930 the IACP was instrumental in gaining congressional approval which authorized the FBI to serve as the national clearinghouse for statistical information on crime. In June 1966, the National Sheriff's Association (NSA) established a Committee on Uniform Crime Reporting to serve in an advisory capacity and to encourage sheriffs throughout the country to fully participate in the program. Since 1930, through the UCR program, the FBI has collected and compiled data to use in law enforcement administration, operation, management, and to indicate fluctuations in the level of crime in America. ¹

To best depict total crime and to provide the most meaningful data to police administrators, the UCR Program collects data on known offenses and persons arrested by law enforcement agencies. The UCR Program does not record the findings of a court, coroner, jury, or the decision of a prosecutor.

UCR collects reports of ten index crimes. The crimes in this group are all serious, either by their nature or because of the frequency with which they occur. The William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 made human trafficking for involuntary servitude and commercial sex acts Part 1 Offenses.² The ten index crimes are:

- ❖ Murder
- ❖ Forcible rape
- ❖ Robbery
- ❖ Aggravated Assault
- ❖ Burglary
- ❖ Larceny (theft)
- ❖ Motor Vehicle Theft
- ❖ Arson
- ❖ Human Trafficking, Commercial Acts
- ❖ Human Trafficking, Involuntary Servitude

- The chart above summarizes the Crime Volume and Crime Rate for the City of McAllen.
- The “crime rate” reflects the number of crimes reported per 100,000 residents.

* Crime Rates for 2020 are based on the U.S. Census 2010 population estimates.
Population is estimated at growth rate of 2.2% annually.

**Population estimate pending U.S. Census 2020.

Crime Trends & Analysis:

Crime Volume vs Crime Rate

- Crime trends are analyzed using two methods: Crime Volume and Crime Rate.
- Crime analysis studies two categories of crime: Violent Crimes and Property Crimes.

CRIME VOLUME

- Crime volume is the collective sum of the seven index crimes.
- By comparing the crime volume of index crimes from year to year, trends can be evaluated.

CRIME RATES

- Crime rates are compiled to compensate for the changes in population and to show the number of people affected by crime in a given population.
- Crime rates are generally expressed in the number of crimes per 100,000 residents.

VIOLENT CRIMES

- Involve the element of personal confrontation between the perpetrator and the victim.
- This category is comprised of Murder, Rape, Robbery, and Aggravated Assault.

PROPERTY CRIMES

- Involve only the taking of money or property.
- This category is comprised of Burglary, Theft, and Motor Vehicle Theft.

Chapter Two

UCR Index Crime Analysis

Index Crime Summary:

Murder and Non-Negligent Manslaughter

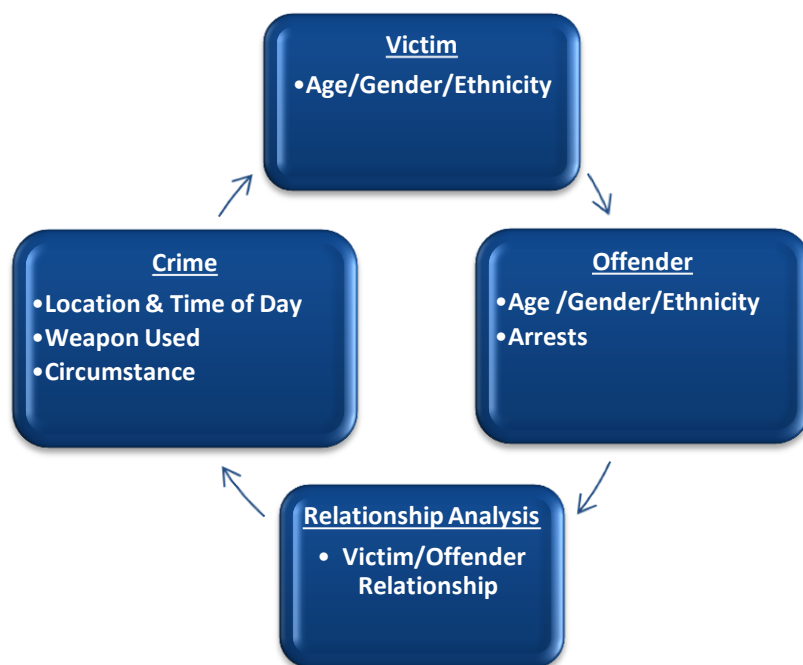

Murder - Methodology

Murder and Non-Negligent Manslaughter as defined in UCR is “the willful (non-negligent) killing of one human being by another.” [*Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014*].

This offense category includes any death due to a fight, argument, quarrel, assault, or the commission of a crime. Attempted murder and assaults with the intent to kill are not counted as murder, but are included in UCR as an aggravated assault.

Suicides, accidental deaths, and justifiable homicides are also excluded from the murder classification.

The classification of this offense as well as for all Index Crimes is based solely on police investigation and not upon determinations by courts, medical examiners, coroners, juries, or other judicial bodies.

The McAllen Police Department participates in the UCR program by providing additional information so that an in-depth analysis of murder is attainable. The Supplementary Homicide Report collects additional specific details such as: the age, sex, race, and ethnic origin of both victims and offenders. The detailed data also includes the murder weapon used and the circumstance of the offense.

RAPE

Rape - Methodology

Rape, as defined in the Uniform Crime Reporting Program, is “penetration, no matter how slight, of the vagina or anus with any part of the body or object, or oral penetration by sex organ of another person, without the consent of the victim”. [Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

In 2013, the FBI UCR Program began collecting rape data under a revised definition. This definition includes either male or female victims or offenders. This definition also includes instances in which the victim is incapable of giving consent. Attempts to commit Rape are also scored under the new definition. Rapes that occurred prior to 2013 but are reported after 2013 should be consistent with the new definition. Statutory rape and incest are excluded from this category. [UCR Program: Summary Reporting System, 2013]

Rape - Analysis

Crime Volume

- There were 43 rapes reported during 2020.
- This represents a 30.3% increase when compared to 2019.
- The month with the highest number of reported rapes was August with seven (7) offenses.
- The months with the least number of reported rapes was May with one (1) rape reported in that month. [See Figure: 17]

Crime Rate

- The rape crime rate for McAllen in 2020 was 27.2 rapes per 100,000 residents.
- This represents an increase of 30.3% when compared to 2019.

Summary of Volume Index Crime: Rape
Crime In McAllen 2020
Figure: 17

Rape - Analysis

Reporting to Police

Victims reported rapes that occurred during the reporting year of 2020. In addition, victims reported rapes that occurred in preceding years.

- During 2020, sixteen (16) of the rapes reported in the City of McAllen occurred in previous years.
- The data indicates that 63% of the total rapes to have been reported in 2020 were from the current year. [See Figure: 17a]

Location of Crime

- During 2020, 74% of rapes occurred in a residence/apartment type location. [See Figure: 18]
- The 'Hotel/Motel' category represented 9% of rapes reported, while 12% of rapes reported occurred in the 'Parking Lot' category.

Rape - Victimology

- Rape differs from other violent crimes because in many cases the victims are hesitant to report the offense to the police. The rigors of court procedures, embarrassment, and fear of any accompanying stigma exert a deterrent effect upon the victim's willingness to contact the police. As attitudes towards the reporting of rape change, trends in the number of reported offenses can be expected to change accordingly.
- Data compiled during 2020 indicates that there were 43 victims of rape.

VICTIMS BY AGE GROUP

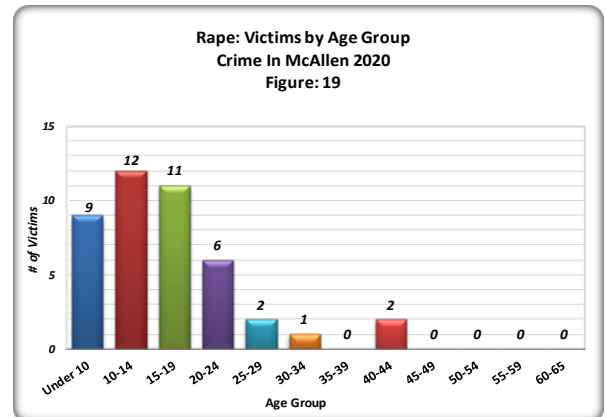

- Of the age groups reporting an offense, the age group reporting the highest incidence was the age group of 10-14 years of age.
- Of the age groups reporting an offense, the age group reporting the second highest incidence was the age group of 15-19 year olds. [See Figure: 19]

VICTIMS BY AGE TYPE

- Total Adult Victims: 13
 - Total Juvenile Victims: 30
- [See Figure: 20]

VICTIMS BY ETHNICITY

- Based on the data reported, victims were 100% Hispanic. [See Figure: 21]

Rape - Victimology

Victim/Offender Relationship

- In the UCR Program, the relationship reported is that of victims to offenders, not the offenders to the victims.
- Based on the data compiled in 2020, forty-two (42%) of victims were raped by a Family member.
- Fifty-eight percent (58%) of victims were raped by a Non-Family Member. *[See Table: 5]*
- In the Non-Family category, most victims were an acquaintance of the offender.
- In the Family category, most victims were a 'Boyfriend/Girlfriend' of the offender.

PERSONS ARRESTED

- During 2020, there were a total of 43 offenders of rape.
- Of the 43 offenders, twenty-two (22) perpetrators were arrested for rape.
- Of the twenty-two persons arrested, twenty-one (21) persons were adults and one (1) was a juvenile.

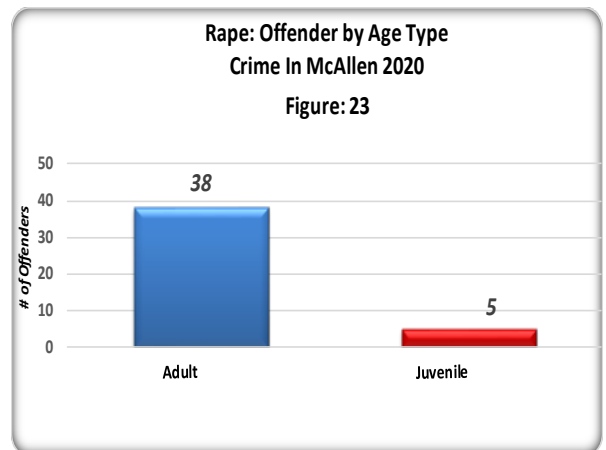

OFFENDER BY AGE GROUP

- The age group of 20-24 year olds reported the highest number of offenders. [See Figure: 22]

OFFENDER BY AGE TYPE

- Total Adult Offenders: 38
- Total Juvenile Offenders: 5
[See Figure: 23]

OFFENDER BY ETHNICITY

- Offenders of rape were 100% of Hispanic origin. [See Figure: 24]

ROBBERY

Robbery - Methodology

Robbery is the “taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear”. [Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

Robbery is a vicious type of theft in that it is committed in the presence of the victim. The victim, who usually is the owner or person having custody of the property, is directly confronted by the perpetrator and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force.

Injury to the victim during the commission of this violent crime is common and recurrent.

The following figure illustrates the data collection for the nature and extent of the Robbery Category.

Robbery - Analysis

Crime Volume

- The total number of robberies reported during 2020 were 23.
- This represents a decrease of 41.0% when compared to 2019.
- The month recording the highest number of reported offenses was July with seven (7) robberies. [See Figure: 25]
- The month of February, March, September, and December had the lowest number of reported offenses with zero(0).

Crime Rate

- The robbery crime rate for McAllen in 2020 was 14.6 robberies for every 100,000 residents.
- This represents a decrease of 41.0% when compared to 2019.

AGGRAVATED ASSAULT

Aggravated Assault - Methodology

Aggravated Assault, as per the Uniform Crime Reporting Program is “an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm”. [*Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014*]

Aggravated Assaults are classified into four different categories:

- (1) Assault with a Firearm
- (2) Assault with a Knife or Cutting Instrument
- (3) Assault with other Dangerous Weapon
- (4) Assault using Strong-Arm tactics

Aggravated Assault - Analysis

BURGLARY

Burglary - Methodology

Burglary, under the Uniform Crime Reporting Program, is “the unlawful entry of a structure to commit a felony or theft. Burglary can be classified as forcible entry, unlawful entry (no force) or attempted forcible entry. While the use of force to gain entry is not required to classify an offense as burglary, attempted forcible entries to commit burglary are counted in this crime’s statistics.” *[Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]*

The Uniform Crime Reporting Program’s definition of structure includes, but is not limited to, an apartment, barn, cabin, church, condominium, dwelling house, factory, garage, house trailer, office, school, railroad car and other buildings.

Additionally, any house trailer or other mobile unit that is permanently fixed as an office, residence, or storehouse is considered a structure. Tents, tent trailers, motor homes, house trailers, or other mobile units being used for recreational purposes are not considered structures. *[UCR Program: Summary Reporting System, 2013]*

LARCENY/THEFT

Larceny/Theft - Methodology

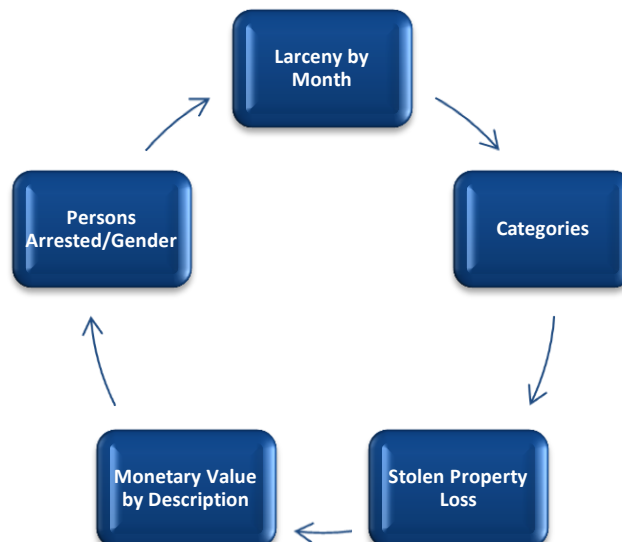

Larceny/Theft, in the Uniform Crime Reporting Program, is the “unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another”.
[Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

Larceny/Theft includes crimes in sub-categories such as shoplifting, pocket-picking, purse snatching, thefts from motor vehicles, theft of motor vehicle parts and accessories, bicycle thefts, and other things of value in which no use of force, violence or fraud occurs.

In the UCR Program, this crime classification “does not include embezzlement, “con” games, forgery, and the passing of worthless checks. Motor vehicle theft is not included in this category as it is a separate index crime offense.” [Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]

Larceny can be sub-classified into 9 different categories:

- ❖ Pocket Picking
- ❖ Purse Snatching
- ❖ Shoplifting
- ❖ Theft from Motor Vehicles
- ❖ Theft of Motor Vehicle Parts and Accessories
- ❖ Theft of Bicycles
- ❖ Theft from Buildings
- ❖ Theft from Coin-Operated Device or Machine
- ❖ All Other Larceny - Thefts

MOTOR VEHICLE THEFT

Motor Vehicle Theft - Methodology

Motor Vehicle Theft is “a theft or attempted theft of a motor vehicle. Motor vehicle includes the theft or attempted theft of a motor vehicle, which the UCR Program defines as a self-propelled vehicle that runs on land surface and not on rails”. *[Uniform Crime Reporting Handbook: Texas Department of Public Safety – Crime Records; 2014]*

The category of Motor Vehicle Theft is further sub-categorized into three subcategories:

1. Automobiles:

The Automobiles category includes all sedans, station wagons, coupes, convertibles, and other similar vehicles whose primary purpose is to transport persons from one place to another.

2. Trucks & Buses:

The Trucks & Buses category includes vehicles whose purpose is to transport persons for a commercial basis. This includes pick-up trucks, vans, and self propelled motor homes.

3. Other Vehicles:

The Other Vehicles category includes vehicles such as scooters, ATV's, motorcycles, snowmobiles, mopeds, and golf carts, etc.

Note: Specifically excluded from this category are motor boats, construction equipment, airplanes, and farming equipment.

Motor Vehicle Theft - Analysis

Chapter Three

Selected Non-Index Crimes

SELECTED NON-INDEX CRIMES

There are crimes that have been selected to represent important and essential information with respect to Part II offenses. As with all Part II Non-Index crimes, information on the number of reported crimes is not collected by the UCR Program for these offenses; however, the number of persons arrested for this crime is collected.

The following are the Non-Index crimes selected to analyze:

- ❖ Driving Under the Influence (D.U.I.) Arrests
- ❖ Drug Abuse Arrests
- ❖ Drug Seizures
- ❖ Weapons Arrests

SELECTED NON-INDEX CRIMES:

D.U.I. ARRESTS

Methodology

For UCR purposes, Driving Under the Influence (D.U.I.) is the driving or operating any motor vehicle or common carrier while under the influence of liquor or narcotics. This includes operating a motor vehicle, train, streetcar, boat, etc.

Analysis

CRIME VOLUME

- As with Part II Non-Index crimes, information on the number of reported crimes is not collected by the UCR program for this offense. However, the number of persons arrested for this crime is collected.
- The number of arrests for D.U.I. in McAllen in 2020 was 469. The volume of arrests decreased by 12.2% when compared to 2019.

CRIME RATE

- The 2020 D.U.I. arrest crime rate was 296.8 per 100,000 residents. This represents a decrease of 12.2% when compared to 2019.

PERSONS ARRESTED

- The month with the most arrests was June with fifty-three (53) D.U.I.'s.
- The month with the fewest arrests was April with fourteen (14) D.U.I.'s. [See Figure: 44]
- Of the persons arrested in 2020, the age group recording the highest number of arrests was the male 25-29 age group. [See Figure: 45]

SELECTED NON-INDEX CRIMES: DRUG ABUSE ARRESTS

Methodology

For UCR purposes, drug abuse encompasses all violations of narcotic drug laws. These are offenses such as unlawful possession, sale, use, growing, and manufacturing of narcotic drugs.

In this report, these violations are summarized to include all drug abuse arrests.

As with all Part II Non-Index crimes, information on the number of reported crimes is not collected for the UCR program. However, the number of persons arrested for these crimes is collected.

Analysis

PERSONS ARRESTED

- The reported number of arrests for drug abuse in the city of McAllen in 2020 was 574. Of those arrested, 536 were Adults and 38 were Juveniles. [See Figure: 46]
- The largest number of drug abuse arrests were for Marijuana with 47%, followed by the drug type of Opium/Cocaine with 41%. [See Figure: 47]
- The age group recording the largest number of persons arrested for drug abuse offenses was the male 25-29 age group. [See Figure: 48]

SELECTED NON-INDEX CRIMES: DRUG SEIZURES

Methodology

Drug seizure information is presented in compliance with Health & Safety Code Section §481.185 and its requirement that “All law enforcement agencies in this state shall file monthly, with the (DPS) Director, a report of all arrests for drug offenses made and quantities of controlled substances seized by them during the preceding month”. *[Summary Reporting System (SRS) User Manual: U.S. Department of Justice – Federal Bureau of Investigation; 2013]*

Drug Seizures: Type and Quantity

The chart below displays the quantity of illegal drugs seized in the City of McAllen during 2020. *[See Table: 11]*

Dose units refer to one pill, tablet, capsule, or other single user quantity. The information presented are drugs seized by the McAllen Police Department and do not include drugs seized by any federal law enforcement agency.

Drug Seizures: Type and Quantity

- The age group recording the highest number of arrests for weapon violations was the male 15-19, 20-24, and 25-29 age group with 5 persons arrested in each age group. [See Figure: 50]

Chapter Four

Family Violence

FAMILY VIOLENCE

Methodology

The Texas Family Code defines ‘Family Violence’ as an act by a member of a family or household against another member that is intended to result in physical harm, bodily injury, assault, or a threat that reasonably places the member in fear of imminent physical harm.

The law excludes the reasonable discipline of a child and defines abuse as physical injury that results in substantial harm or genuine threat; sexual contact, intercourse, or conduct; or compelling or encouraging the child to engage in sexual conduct.

- By definition and for the purpose of family violence reports, “family” includes individuals related by consanguinity (blood) or affinity, marriage or former marriage, biological parents of the same child, foster children, foster parents, and member or former members of the same household (including roommates). Senate Bill 68 of the 77th Legislature amended the Family Code to include “Dating Violence”. The “Dating Relationship” means a relationship between individuals who have or have had a continuing relationship of romantic or intimate nature. [Summary Reporting System (SRS) User Manual: U.S. Department of Justice – Federal Bureau of Investigation; 2013]

Analysis

- During 2020, the total number of Family Violence incidents reported were 525. [See Figure: 51]
- The highest incident of family violence was reported in the offense of ‘Simple Assaults’.
- The month of April had the highest number of family violence incidents reported.

Victim/Offender Relationship

- During 2020, there were 525 family violence incidents reported. [See Table: 12]
- Of the incidents reported 74% accounted for female victims and 26% were male victims.
- The most common victim/offender relationship reported was the 'Common-law' category. [See Figure: 52]

Chapter Eight

Appendices

Appendix A – Glossary of Terms

ADULT

In Texas, an adult is a person 17 years of age or over. National law provides that adults are age 18 or over. Unless otherwise indicated, this publication follows the state definition.

AGGRAVATED ASSAULT

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. Although actual injury is not a requirement, this type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

ALL OTHER OFFENSES

Except Traffic - Included is every other state or local offense, not listed elsewhere.

BURGLARY

The unlawful entry of a structure or dwelling with intent to commit a felony or a theft.

CRIME INDEX

The sum of seven index offenses used to measure the extent, fluctuation and distribution of crime in a given geographical area.

CRIME RATE

The number of offenses per 100,000 inhabitants.

CRIMES AGAINST PERSONS

Crimes Against Persons include criminal offenses where the victim is present and the act is violent, threatening or has the potential of being physically harmful.

CRIMES AGAINST PROPERTY

Crimes Against Property include offenses that involve taking something of value by theft or deception or the destruction of property.

CRIMINAL HOMICIDE

The willful (non-negligent) killing of one human being by another. Offenses - Exclude motor vehicle traffic deaths.

DRIVING UNDER THE INFLUENCE (D.U.I.)

Driving or operating any vehicle or common carrier while under the influence of liquor or drugs.

ETHNICITY

In UCR, race and ethnic origin are counted as two separate designations. The ethnic origin categories were adopted from the U.S. Department of Commerce and are Hispanic and Non-Hispanic. Included in Hispanic are all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

INDEX CRIME

A crime for which reports of offenses committed are collected. Index crimes are murder, rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson.

JUVENILE

In Texas, a juvenile is a person 16 years of age or under.

LARCENY/THEFT

The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

MOTOR VEHICLE THEFT

The theft or attempted theft of a motor vehicle.

RAPE

In 2013, the UCR Program redefined rape to 'Penetration, no matter how slight, of the vagina or anus with any part of the body or object, or oral penetration by sex organ of another person, without the consent of the victim. Statutory rape and incest are excluded from this category'.

ROBBERY

The taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence or by putting the victim in fear.

SIMPLE ASSAULT

Assaults which are limited to the use of physical force and result in little or no injury to the victim.
